

Payment Terms and Conditions for Digital Signature with Samleikin

The digital signature using Samleikin is a solution from Gjaldstovan and has the same legal effect as a hand-written signature, according to the law enacted by Føroya Løgting regarding digital signature. The payment terms and conditions for a digital signature with Samleikin on Vangin are described below. By choosing to continue with the payment, you are accepting these terms and conditions.

Your responsibility

You must be of age for your signature to be legally binding.

It is your own responsibility to ensure that the content in the documents you are signing with Samleikin is legal.

Gjaldstovan does not have access to the content in the documents.

Gjaldstovan does not save copies of the signed documents and therefore cannot restore any document, e.g. in matters of dispute. It is therefore your own responsibility to ensure that documents are stored in a safe location.

Formal requirements may be essential to a signature or document in regard to a specific service, e.g. that a document must contain a hand-written signature. It is your responsibility to be aware of the formal requirements that are needed in the documents where you are using the digital signature with Samleikin.

Use of Personal data

You can see information about the use of personal data in regard to the digital signature with Samleikin here: <https://repository.samleiki.fo/>

Right of Withdrawal

By accepting these payment terms, you are consenting that you do not have the right to withdraw this payment.

Compensation

Gjaldstovan and Gjaldstovan's sub-providers are not obligated to give you compensation for:

- financial loss, where the cause is an event/transaction that is linked to a digital signature with Samleikin on Vangin.
- errors or delays that Gjaldstovan, or sub-providers of Gjaldstovan, cannot be held responsible for, which include but are not limited to denial-of-service attacks, poor internet connection, line delays, power outages, or machine errors.

Gjaldstovan is not responsible for any possible indirect loss that you may experience in regard to the digital signature on Vangin.
